

RELEASE FORM – DELIVERY AND PICKUP

As the undersigned has guaranteed, in writing, clear and unobstructed ingress and egress to the delivery locations, the undersigned hereby releases Cook Portable Warehouses and its agents or employees from any and all claims of damages to shrubbery, trees, lawn, septic tank, overhead and underground utilities, and/or other personal property associated with installing a portable storage building on the undersigned’s premises, and agrees to hold Cook Portable Warehouses harmless for any claim of damages by reason of such installation, or subsequent retrieval. If, at the insistence of the undersigned, the driver attempts to install the portable storage building and becomes stuck, the undersigned agrees to pay any and all associated costs including (but not limited to) tow truck fees.

In addition, if the undersigned has a fence around the delivery location, or installs a fence after delivery, the undersigned agrees to make the property accessible in the case of a default on the lease (customarily a period of 36 or 48 months), and/or Cook Portable Warehouses must retrieve the building. The undersigned also hereby grants permission for Cook Portable Warehouses to remove the fence or similar structures to gain access to the portable storage building and, in doing so, agrees to hold Cook Portable Warehouses harmless for any claim of damages by reason of such removal.
