Flexible Financing Options to Fit Your Budget

12 MONTHS SAME-AS-CASH OR RENT-TO-OWN

No Penalty for Early Payoff

FINANCING TERMS & CONDITIONS:
*0% FOR 12 MONTHS FINANCING: This promotional financing offer is subject to credit approval and may require a minimum purchase amount. Interest will be charged from the purchase date if the balance is not paid in full within the promotional period. Terms and conditions are subject to change without notice. Please verify current details with a Cook representative or visit our Financing Options page.

*RENT-TO-OWN PROGRAM: Our rent-to-own program offers flexible monthly payments with no credit check required. Same-day approval is available upon completing a brief application. This is a month-to-month contract, allowing you to return the unit at any time. Payments are based on the total cost of the building and the chosen rental term. For more information, please visit our Rent-to-Own page.

*ADDITIONAL FINANCING OPTIONS: Cook collaborates with various financial institutions to provide multiple financing plans tailored to your budget. Terms, interest rates and approval processes vary depending on the lender and your credit profile. For detailed information and to explore available options, please contact a Cook representative or visit our Financing Options page. All financing offers are subject to approval and may change without prior notice. It's recommended to consult directly with Cook or visit the provided links for the most current information.

Free delivery applies to the first 50 miles from your delivery store. A charge will apply to every additional mile. Please see your local store for more details.

OUTDOOR LIVING

COMBO GREENHOUSE

Enjoy the best of both worlds with the Cook Combo Greenhouse—a versatile combination of greenhouse and garden storage space. Nine adjustable windows and a ridge-vented roof help regulate temperature and moisture, creating an ideal growing environment. The greenhouse section features ground-contact-rated, pressure-treated framing designed to resist moisture and decay. With convenient storage for gardening tools and supplies, this spacious design brings functionality and durability to your backyard.

Standard Size:
8' x 20'

LP SmartSide TRIM & SIDING

SHERWIN-WILLIAMS

STUDIO

Transform your backyard with the Cook Studio, a stylish and versatile space designed around your needs. Perfect for a home office, art studio, music room, or personal retreat, the Studio combines modern design with everyday functionality. Standard features include board-and-batten-style LP® SmartSide® siding, four screened windows, and five transom windows. Customizable floor plans allow you to create a space that's uniquely yours.

Standard Sizes:
10' x 16' • 10' x 20'

GREENHOUSE

HOA APPROVED

Grow with confidence in a Cook Greenhouse built for lasting durability. Constructed with ground-contact-rated, pressure-treated lumber and finished with LP® SmartSide® siding and trim, this greenhouse is designed to withstand the demands of a humid growing environment. With three built-in workstations, ridge ventilation, and 96 square feet of growing space, this greenhouse provides a practical environment for planting, growing, and caring for your plants.

Standard Size:
8' x 12'

- 96 SQ. FT. OF SPACE
- 3 BUILT-IN WORKSTATIONS
- RIDGE VENTILATION
- FLOOR STRUCTURE RATED FOR GROUND CONTACT

CANTINA

Bring the fun outdoors with the Cook Cantina! Perfect for backyard gatherings, game days, or entertaining guests, this versatile outdoor bar features a durable composite countertop and a convenient electrical cord pass-through. Its versatile design also makes it ideal for use as a concession stand, ticket booth, or roadside farm stand. Whether you're hosting friends or relaxing after a long day, the Cantina creates a welcoming space for every occasion.

Standard Size:
6' x 8'

LOFTED GARAGE

The Cook Lofted Garage combines spacious vehicle storage with convenient overhead storage. Available in multiple sizes, it's ideal for storing cars, ATVs, boats, lawn equipment, and more. Optional heavy-duty flooring provides additional support for larger equipment, while garage door upgrades allow you to customize the building to fit your needs.

Standard Sizes:

- 12' x 20'
- 12' x 24'
- 12' x 28'
- 12' x 32'

A roll-up garage door comes standard, with an optional sectional garage door upgrade, as pictured.

The Lofted Garage is pictured above. A traditional gable-roof Garage without a loft is also available, as shown here.

Lofted Garage models include an overhead loft at one end only.

LOFTED BARN

One of our bestselling designs, the Cook Lofted Barn offers exceptional storage capacity with a spacious interior and convenient overhead lofts. Perfect for lawn equipment, household storage, hobbies, or a workshop, this versatile building is available in a wide range of sizes to fit your needs.

Standard Sizes:

- 8' x 12'
- 10' x 10'
- 10' x 12'
- 10' x 14'
- 10' x 16'
- 10' x 20'
- 10' x 24'
- 12' x 14'
- 12' x 16'
- 12' x 20'
- 12' x 24'
- 12' x 28'
- 12' x 32'

Every Lofted Barn includes at least one overhead loft, while models longer than 12 feet feature lofts at both ends.

LOFTED BARN HANDYMAN

The versatile Lofted Barn Handyman offers the perfect combination of storage and workspace. Featuring two separate entrances and an interior partition wall, this building allows you to create dedicated areas for equipment, hobbies, or a workshop. Its lofted ceiling provides generous overhead storage, helping keep your workspace organized and clutter-free. An optional ramp-style door can replace the standard double doors, making it easier to move lawn equipment and other large items in and out. Additional doors and windows are available to customize your building.

Standard Sizes:

• 12' x 24' • 12' x 28' • 12' x 32'

Shown: Lofted Barn Handyman. Also available in the Utility Handyman style. Optional ramp-style door available at an additional cost.

LOFTED BARN CABIN

Bring comfort and classic charm to your backyard with the Cook Lofted Barn Cabin. Featuring an inviting front porch and spacious overhead lofts at both ends, this versatile building is perfect for a personal retreat, hobby space, or backyard getaway. Optional 24" × 36" single-hung vinyl windows provide additional natural light, while multiple sizes and customization options allow you to create a space that fits your needs.

Standard Sizes:

- 12' x 20'
- 12' x 24'
- 12' x 28'
- 12' x 32'

*Overall building dimensions include the porch.

Pictured is the Lofted Barn Cabin, which is also available in the Gable Style.

TOOL SHED

The Cook Tool Shed provides practical, affordable storage in a compact design. Featuring 6' 3" sidewalls, it offers the classic appearance of our Utility Shed with a lower profile. Ideal for lawn equipment, tools, and everyday storage, the Tool Shed can be customized with additional doors and windows to fit your needs.

Standard Sizes:

- 8' x 10'
- 8' x 12'
- 10' x 10'
- 10' x 12'
- 10' x 16'

LEAN-TO

Make the most of smaller spaces with the Cook Lean-To. Available in 6-foot and 8-foot widths, this compact shed is designed to fit through many standard gates and complement a variety of outdoor settings. With door placement options on either the tall or short side, the Lean-To provides flexible storage without taking up unnecessary space.

Standard Sizes:

- 6' x 8'
- 6' x 12'
- 8' x 12'

GARDEN SHED

HOA APPROVED

Add charm and functionality to your backyard with the Cook Garden Shed. Featuring decorative shutters and a distinctive roofline, this attractive building is perfect for storing gardening supplies, lawn equipment, tools, and more. Its versatile interior and available customization options make it easy to create a storage space that complements your home and landscape. **Introducing our all-new Garden Shed Work & Store,** pictured below. Standard features include an interior partition wall and workbench, creating dedicated spaces for projects and storage. For a more open layout, both can be removed, giving you the freedom to customize the space to suit your needs.

ANIMAL SHELTERS

DEPENDABLE SHELTER FOR THE ANIMALS YOU LOVE.

For more than 50 years, Cook has built quality outdoor structures designed for strength and durability. Our animal shelters are constructed with the same attention to detail found in our storage buildings. From chicken coops to dog condos, Cook offers dependable solutions to help protect your animals from the elements. Our Dog Condo features two ridge vents for improved airflow, helping provide a more comfortable environment for your pet.

DOG CONDO

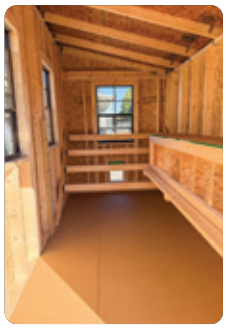

Standard Size: 8' x 12'
Available by special order. Not stocked at most Cook locations.

LARGE CHICKEN COOP

Standard Size: 6' x 12'

Give your flock a comfortable, secure home with our spacious 6' × 12' Chicken Coop. Featuring eight nesting boxes with convenient exterior access, replaceable roosting bars, and a solar-powered chicken door with ramp, this coop is designed for easy care and everyday convenience. Two screened windows with protective hardware cloth provide ventilation while helping keep predators out. Built on ground-contact-rated skids for easy relocation, its lean-to design also accommodates our optional 6' × 12' Chicken Run, giving your flock even more room to roam. Standard LP® ProStruct® flooring provides a durable foundation, with optional vinyl flooring and a third window available for an additional charge.

Pictured with upgraded vinyl linoleum flooring

***Solar-powered door included.**

SMALL CHICKEN COOP

Standard Size: 6' x 6'

Give your flock a comfortable home with our compact 6' x 6' Chicken Coop. Designed to accommodate approximately 10 to 14 chickens, it features six nesting boxes, two access doors, and a screened sliding window for ventilation and natural light. Durable LP® ProStruct® Flooring with SmartFinish® overlay provides a sturdy, easy-to-maintain surface. With its space-saving design and convenient features, this coop is ideal for backyard chicken enthusiasts.

OPTIONAL ADD-ON

CHICKEN RUN

Give your chickens more room to roam! Our durable 6' x 12' Chicken Run provides a secure, enclosed outdoor space where your flock can scratch, explore, and enjoy fresh air while helping keep predators out.

LP SmartSide TRIM & SIDING

SHERWIN-WILLIAMS

Make it yours.

OPTIONAL SHED ACCESSORIES

FOLD-DOWN RAMP DOORS

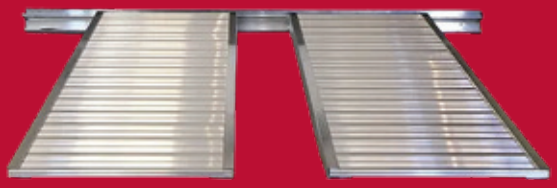

COOK GOES ABOVE AND BEYOND OUR COMPETITORS

Cook sheds are built with quality materials and attention to detail. Featuring 2x4 wall framing on 16-inch centers, our buildings are delivered fully assembled and built for lasting performance. Our distinctive Notched Skid Flooring System makes delivery and placement convenient, while quality Sherwin-Williams finishes let you customize the look of your shed.

STAINED DOORS & TRIM

ALUMINUM SHED RAMPS

Lightweight for easy handling and repositioning.

SHED POLE LIGHT

GROUND CONTACT NOTCHED FLOOR SKIDS

The 4" x 6" treated floor skids are notched so the floor joists can be recessed into them, providing additional strength and durability. This allows the building to be moved without damaging the floor system.

ROOF DECKING

Our roof system features 7/16-inch OSB decking designed to provide structural support and dependable performance.

ALUMINUM THRESHOLD

All buildings include a durable aluminum plate threshold with an integrated water dam designed to help keep water outside and protect the building's interior.

TREATED LUMBER

All buildings are now built with ground-contact treated lumber. Using GCR treated lumber throughout the entire floor system—including the skids, and floor joists—enables Cook to provide a lifetime warranty against decay and termite damage on all treated lumber.

FASTENERS

Ring-shank coated nails are used throughout sidewall construction to provide maximum holding strength against swelling and contracting caused by changes in the weather and humidity.

ADJUSTABLE TENSION RODS

Installed adjustable tension rods help maintain proper door alignment and minimize warping caused by changing weather conditions.

HEAVY-DUTY 6" DOOR HINGES

Doors are installed with three heavy-duty 6-inch hinges to provide maximum strength and durability.

DRIP EDGE

An aluminum drip edge prevents water damage to roof decking by siphoning off water along the edge of the shingles.

VENTED RIDGE

Venting the roof at its peak along the ridge provides superior ventilation. This technique helps prevent damage to shingles and yourmstored property that may be caused by excessive heat and condensation.

FLEXIBLE RENT-TO-OWN OPTIONS

Get the storage space you need with convenient rent-to-own options and no credit check required. Ask your local Cook store about available terms and payment options. *Rent-to-own is not available on Animal Shelters.*
